

TERRY JOHNS and BARRY BOOTH

There are songs whose popularity never fades. We sometimes call them "evergreens"

George Gershwin, Cole Porter, Jerome Kern and the other composers featured on this CD have written countless unforgettable melodies

This collection aims to capture the romantic heart of the music

We would like to quote one of the world's top horn players, Barry Tuckwell, "Soft Core' with Terry Johns and Barry Booth is a most tasteful, beautiful and relaxing record. I strongly recommend it"

Thanks, Barry.

We did consider writing long detailed notes about the songs on this album, but decided to let the music speak for itself.

So put your feet up relax, and enjoy.....

SOFT CORE HORN

Terry Johns is one of Britain's most respected horn players, and you have probably heard him if not inconcert, on the soundtrack of the movies 'Superman' or "Star Wars', amongst others. Terry has a special feel for the horn's ability to express the warmth of these songs......
